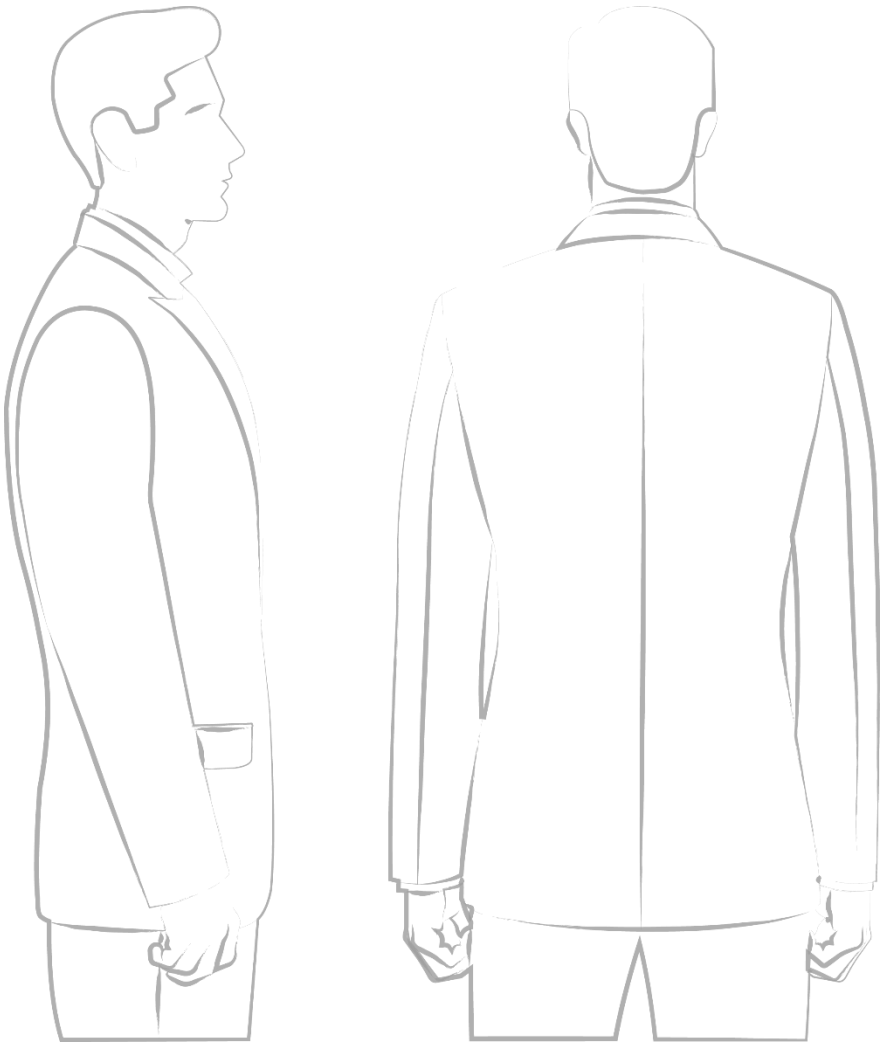
Quick Start Guide



Welcome to USTYYLIT M4U

Thank you for making the time to explore the **USTYYLIT M4U Quick Start Guide**. USTYYLIT is pronounced "you-style-it". If you have been selling Customized Tailored Clothing for a long time, or you're a fast learner, this may be the ONLY document you'll need to be successful with the platform.

All of the WORKSHEETS shown are for the same example customer (David Smith) who happens to be ordering a Jacket, Trouser and 2P Suit. The Ready Made Worksheet is ordering the same items, but as a stock size order for inventory.

The printed Worksheets are organized with the details laid out in the exact same order as the Website's order entry pages. When you're finished working with your customer, **entering the order online couldn't be easier!**

The USTYYLIT M4U Platform is built to help you sell more clothes, and get the orders into work as fast as possible.

If you need more information, please read the **USTYYLIT M4U Clothier Guide**. If you still need assistance, please reach out to your Sales or Customer Service contact.

INSTRUCTIONS

You can enter Body Measurements (BMs) plus Ease to arrive at the final Garment Measurements (GMs) or you can enter the GMs directly. It's up to you.

When placing your order online, the website will convert some of the GMs to 1/2 Measurements. These are called Final Measurements (FMs).
